

Movian - Feature #1925

Remove Off in audio track selection

02/05/2014 06:29 PM - Andrey Z

Status:	Fixed	Start date:	02/05/2014
Priority:	Normal	Due date:	
Assignee:	Andreas Smas	% Done:	0%
Category:	Video playback	Estimated time:	0.00 hour
Target version:	4.10		

Description

The conditions for reproduce:

During playing (any?) video, selecting "OFF" in audio tracks menu. After some quiet playback (10-15 sec. and more), selecting any audio track. Sound does not corresponding video.

History

This can be specific to video. As on media I tried this I just got some kind of fastforward event with restoration of sound but it was synced.

#2 - 05/29/2015 04:52 PM - Leonid Protasov

- Tracker changed from Bug to Feature

- Subject changed from A/V sync is lost after an audio track was turning off and on to Remove Off in audio track selection

- Target version set to 4.10

Mute is for that.
