If I play direct link throbber is alive after:

```
http://manifest.googlevideo.com/api/manifest/hls_variant/ipbits/0/source/yt_live_broadcast/sparams/gcr,id,ip,ipbits,itag,maudio,playlist_type,pm
bypass,source,expire/gcr/ua/maudio/1/upn/Hk62BTISGVg/ip/80.77.38.221/key/yt5/expire/1398890654/sver/3/fexp/937417,913434,936923/playlist_type/LIV
list_type/LIVE/id/HQEhZZWrEHk.1/signature/A65B82D1EE648F96C1CA218DE2D4D54194562288.2E9E22D00B4F93AC800223A2832AE4B03F0568F2/p
03F0568F2/pmbypass/yes/itag/0/file/index.m3u8
```

If I play plugin link - throbber is gone:

```
youtube:video:HQEhZZWrEHk
```

So youtube plugin loading somehow kills throbber.

I made a little plugin as a PoC.

```
(function(plugin) {
  plugin.createService("throbber demo", "throbber:start", "throbber", true, "");

  plugin.addURI(PREFIX + "throbber2", function(page) {
    page.loading = true;
    showtime.message("You should see the throbber spinning in background but it's gone after page.redirect :", true, false);
    page.loading = false;
  });

  plugin.addURI(PREFIX + "throbber", function(page) {
    page.loading = true;
    showtime.message("You should see the throbber spinning in background...", true, false);
    page.loading = false;
    page.redirect(PREFIX + "throbber2");
  });

  // Start page
  plugin.addURI(PREFIX + "start", function(page) {
    page.appendItem(PREFIX + "throbber", "directory", {
      title: "Throbber killing demo :)"
    });
  });
})(this);
```
