History

- Status changed from New to Need feedback

This works fine for me:

```
var settings = require('showtime/settings');

var s = new settings.globalSettings('blah', 'foo');

options = [];

options.push(['a', 'alpha']);
options.push(['b', 'beta']);

s.createMultiOpt('test', 'multipt', options, function(x) {
  console.log(x);
});
```

can you please add:

```
print(JSON.stringify(data));
print(JSON.stringify(options));
```

before createMultiOpt()

so I can see what's in the objects.

It looks perfectly fine but still doesn't work. Very weird.

#6 - 11/14/2014 11:50 PM - Anatoly Shcherbinin

I also have problems with createMultyOpt:

My code is:

```
var settingsView = plugin.createSettings(plugin_info.title, plugin.path + plugin_info.icon, "Settings of "+plugin_info.title+" plugin");
  settingsView.createMultiOpt("maxres", "Max resolution", [[240, '240p'],[360,'360p'],[480, '480p'],[720,'720p'],[1080, '1080p'],[Infinity, 'Max',
true]], function(v){
  settings.maxres = v;
});
```

Looks it eventually was fixed. I just had something broken in settings files locally. Working ok on 4.7.532.

- Status changed from Need feedback to Invalid

#10 - 12/21/2014 11:57 AM - Leonid Protasov

- Related to Bug #2424: The array list created via `settings.createMultiOpt` in `ecmascript` mode is not shown in settings added
