

Movian - Bug #3000

Scroll returns to the beginning of the list after the paginator call

02/08/2016 10:53 PM - Wain .

Status:	Fixed	Start date:	02/08/2016
Priority:	Normal	Due date:	
Assignee:	Andreas Smas	% Done:	100%
Category:	User interface	Estimated time:	0.00 hour
Target version:	5.0		
Found in version:	4.99.705	Platform:	PS3
Description			
<p>This seems to be a regression with a new UI. I was able to reproduce this on a latest bleeding edge on both Linux and Chrome versions. Android version is not affected.</p> <p>The case: any list containing a paginator returns to the beginning when items are being pushed to it after a scroll down. This is kind of annoying when trying to scroll big lists.</p> <p>I will also test that out on PS3 tomorrow.</p>

Yeah I've seen it too but forgotten about it.

Also, Bug 3000!
