Revision 7557e3e5 - 12/11/2011 10:46 PM - Andreas Smas

Better support for truncating text

Fixes #779

History

#1 - 12/11/2011 10:46 PM - Andreas Smas

- Status changed from New to Fixed
- % Done changed from 0 to 100

Applied in changeset commit:7557e3e5d92fa97c682434f2ef4ad1736ea40cc0.

#2 - 12/11/2011 10:47 PM - Andreas Smas

I've fixed the rendering problems.

Note that if you use `showtime.message()` from a thread that does not expect to be blocked, such as with the `-p` or `-j` option it will always block no matter how big the text is

#3 - 12/13/2011 08:34 PM - andreas sebes

Ok. Now it doesnt block!! Thanks

But... when the text it's long it appears with graphical problems (i can only see some letters because it's centered with a unknown width).

Can you had a scrollbar or something if the text is too long so this doesn't hapen?
