

Movian - Bug #956

External subtitles not listed if subtitles in MKV (UPnP)

04/27/2012 11:59 AM - Philipp Grosswiler

Status:	Fixed	Start date:	04/27/2012
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Subtitles	Estimated time:	0.00 hour
Target version:	3.6	Platform:	PS3
Found in version:	3.5.134-g7d1f686		
Description			
<p>When streaming video with UPnP and there are subtitles inside the video file, the external subtitles are not shown in the subtitles selection menu. The problem is that sometimes there are only specific languages for subtitles inside the video and external subtitles are required. But it seems as soon as Showtime finds subtitles within the video container it stops looking for external subtitles (HTTP probe).</p>			

History

#1 - 04/27/2012 02:05 PM - Andreas Smas

- Category set to Subtitles
- Status changed from New to Fixed
- Target version set to 3.6

I think this was the same bug that caused the 'off' option to disappear.

This was fixed in 3.5.162
